

# MCE Healthy Homes

## Connecting You to the Services You Need

MCE has partnered with Marin County’s Low Income Home Energy Assistance Program (LIHEAP) to bring you a network of services to make your home healthier, safer, and energy-efficient.

### ASSESSMENT

Our comprehensive home assessment takes a whole-house approach to improving the energy efficiency, health, and safety of your home.

### REPORT: SCOPE OF WORK

A customized scope of work is then developed, pinpointing the improvements that will save you the most money and be the most beneficial for your home, health, and safety.

### SERVICES: ENERGY EFFICIENCY

Energy efficiency measures seal air leaks and insulate your home, reducing utility costs and improving overall household comfort. These include attic insulation, sealing air leaks, installing or repairing windows, doors, water heater, furnace, and more.

### SERVICES: HEALTH & SAFETY

Health and safety measures include moisture and mold remediation, leak prevention, improved ventilation, pest management, smoke detector & carbon monoxide alarm installation, lighting, asbestos and fire hazard mitigation, and fall prevention modifications.

### BENEFITS: FOR YOU, YOUR HOME, AND THE ENVIRONMENT

You’ll improve the safety, comfort, and accessibility of your home while reducing your impact on the environment.

### ELIGIBILITY

Households in Marin County that meet the following:

Household Size	Max Monthly Income
1 person	\$2,431.09
2 people	\$3,179.11
3 people	\$3,927.14
4 people	\$4,675.17
5 people	\$5,423.19
6 people	\$6,171.22
7 people	\$6,311.48
8 people	\$6,451.73
9 people	\$6,591.99
