Dear Larkspur officials,

I have been a Corte Madera resident since 2000 and am one of many local citizens who condemn your recent measure. It harms a cherished neighborhood institution, diminishes the liveliness of Larkspur, and will end up costing the city money. It could even cost you your jobs, because this is such a poorly thought-out measure and will lead to people angrily protesting with their votes. I earnestly hope that you quickly reconsider and reverse this foolishness. We all want the same thing for our shops and neighborhoods. This will accomplish the reverse of what you intend.

I hope that you have a peaceful holiday in these unsettling times.

Sincerely,

Paul Zeitz
