Thank you for giving our community opportunity for feedback on the planned expansion of the playground at Niven Park.

I am pleased to have an expanded playground so near by . I have lived on Drakes View Circle for 5 years now and having Niven Park as my ' back yard' has been wonderful. I am reaching out, though, to the City of Larkspur to consider an alternative site for the planned playground at Niven Park. The current location works fine for the small playground that is there currently, That location, though, does **not** work for the considerably larger planned playground.

I strongly encourage you to consider placing the much expanded playground footprint to another, more spacious part of the park. Site A as presented at the workshop will greatly impact many homeowners and me at Drakes Landing. It will come within 9 to 10 feet of some patios. Please consider either of the other two locations. I strongly believe that Location C would seem to be the best of those options.

Sincerely, Sylvia Gill
